4.

Please read the instructions and look at the pictures carefully before installing the ProClip.

1. Place/align the wide end of the enclosed gap opener with the edge of the panel surrounding the gear shift to create the light location for attaching the ProClip.

2. Use the enclosed alcohol pad to clean the area where the ProClip is to be installed. Peel off the adhesive tape cover on the ProClip. Press/hook the angled edge on the left side of the ProClip into the seam between the shifter frame and the floor console upper panel edge in front of the gap opener.

3. Press the thin end of the gap opener info the gap in the console sidewall next to the ProClip, to widen the gap. Press down on the top right side of the ProClip so it flexes downward. The lower angled edge on the ProClip should hook into the gap next to the gap opener. Pull out the gap opener.

4. The ProClip is in place.
